### **1. What was most valuable about the training overall?**

- ❖ This institute gave me tools to add to my “toolbox” to be successful & effective at what I do.
- ❖ The range of topics covered, depth of conversations/examples, relevancy of topics.
- ❖ Informative and relevant, I enjoyed the way we looked at current and everyday issues.
- ❖ There was so much information that I was able to take back to my campus and implement. These tools actually helped improve my outlook on things on my communication with both instructional and support staff.
- ❖ The comprehensive look at leadership. The institute was able to address and advise many of the complexities of leadership.

### **2. What did you gain from this investment of your time?**

- ❖ Valuable tools to improve as a leader.
- ❖ I gained that the role of the assistant Principal is very important and I need to work side by side with the principal to ensure teaching and learning takes place.
- ❖ Many/Most of these skills aren’t discussed in any Master’s Program-It was like the practicum work to the study.
- ❖ I am strengthened by the notion that there’s a way-concrete and practical-to navigate through the responsibilities held by the position of an AP.
- ❖ This has been one of the most meaningful Professional developments I’ve attended as an administrator.
